April 2020

**NEW SERVICE FROM ASSOCIATES ENVIRONMENTAL!
CARL MOYER, FARMER AND SOON PROGRAM
PRE-PROJECT, POST-PROJECT, AND DISMANTLING INSPECTION SERVICES**

Associates Environmental is introducing a NEW service to fulfill the pre-project, post-project and dismantling inspection requirements of the Carl Moyer, FARMER and SOON Programs. These inspections are a requirement of the program and failure to perform these inspections can lead to delays in receiving a contract and receiving final payment from the agency for the project. AE prepares and completes the required inspection forms and photos and performs a video streaming appointment coordinated with a local air district inspector. Our experienced consultants can perform the required tasks to complete the inspection in an efficient and timely manner relieving you of the burden. Please call or email us today for additional information or to sign up.

Background

In order to allow inspection staff to follow COVID 19 stay at home orders, local air districts throughout California have received approval from the California Air Resources Board to perform pre-project, post-project and dismantling inspections via remote means. This is anticipated to be the normal mode of operation for the remainder of 2020 and may change the mode of operation permanently.

Associates Environmental Responds

AE vigilantly attends to the needs of our customers. The new need for CMP participants to prepare inspection documentation and photos as well as proficiently conduct a live video streaming appointment only adds to an already cumbersome process. AE has already mastered the ability to perform these tasks and is ready to do them on your behalf. AE offers this service to anyone whether or not they utilized the services Associates Environmental offers to prepare and submit a Carl Moyer, FARMER or SOON application. Please call or email us today.

**DO NOT FORGET AND AN EXTENDED DEADLINE!
SOUTH COAST AIR QUALITY MANAGEMENT DISTRICT (SCAQMD)
CARL MOYER, FARMER AND SOON PROGRAM
APPLICATION WINDOW NOW OPEN
\$34 MILLION ADVERTISED AS AVAILABLE (WITH MORE EXPECTED)**

Since 2011, Associates Environmental (AE) has obtained millions of grant funding dollars for its customers and we can help you as well. On top of removing the effort required to do it yourself, AE prepares and submits complete applications that have an expert's competitive edge. Our experienced consultants can tell you about the application process, project eligibility and the funding amount for which your project is qualified and competitive. The deadline for applications to be received by the SCAQMD has been extended until **August 4, 2020 at 1pm**. Please call or email us today to learn more.
